### **Promoting Positivity to a Community “On the Go”**

We invite you and like minded Young Adults\* to join an internet based community that is committed to supporting positivity and spirituality in our world! A web forum has been assembled where you can find and/or provide support, knowledge and positive vibes to your friends—making many new friends along the way.

We are also currently working toward providing many other outlets and resources for the community to share, including weekly and monthly Multi Media productions centered around providing the community with it's very own “E-Sanctuary”!

To learn more about what this means and how you can be a part of this exciting community, please visit us at

\* For the sake of this community, the term “Young Adult” is referring to those in the age range of 18 through 30
